

Established in 2016, Blacktree Pte. Ltd. is a private equity firm that manages both USD and RMB funds. Our investment focuses on high-tech, high growth companies in TMT, sports and culture industry, clean technology, healthcare, consumer/retail, and advanced manufacturing sectors.

With extensive entrepreneurial and operating experiences, our professional and seasoned deal team members recognize the vision and champion the ideas of start-up companies. In addition to providing capital support, we help our portfolio companies realize their strategic and commercial potential by giving value-adding services and advices including planning, business development, recruiting and resources deployment.

We have a proven track record and solid reputation in identifying high potential start-ups and creating successful industry-leading companies.

With our operational offices located in Singapore, Beijing, Shanghai and Shenzhen, we have an extensive coverage of the greater China region and access to potential investment opportunities.
