UI/UX Graphic Designer, Singapore office

Blacktree is a global private equity and venture capital investment company. To kick off one of its fully funded start-ups, Blacktree is building up an experienced team to build a cutting-edge e-commerce exchange platform that will change the business in the sector. The project is backed by top IT and operation founders.

Now, we are looking for **a UI/UX designer** responsible for development in Singapore.

Responsibilities

- Work closely with business analyst and engineering team to deliver excellent user experiences;
- Create wireframes and mockups or prototypes to articulate the desired experience;
- Design the UI architecture, interface and interaction flow of web, mobile, tablet, mac applications using latest design guidelines and best practices;
- Define clear application workflow and specific screens for development team;
- Work closely with the development team to ensure that functionality is implemented as per wireframes, mockups and design documents;
- Work across web and mobile platforms to bring consistent and intuitive interfaces to audience.

Requirements

- Minimum 3 years of UI/UX design experience for

- software, web application & mobile application;
- Experience with UX/UI design in complex environments – with wireframing, prototyping, mockup designs experience;
 - Proficiency in a various design tools including Adobe Creative Suite (Photoshop, Illustrator, Premiere, After Effect, etc.), Sketch, Invision or Zeplin;
 - Strong visual design skills from concept to pixel perfect screen mockups;
 - Understanding of basic front-end languages: HTML5, CSS3, Javascript;
 - Must be able to convert designed UI components to HTML/CSS templates;
 - Experience working in an agile/scrum development process;
 - Bachelor in Design, Computer Science or relevant field;
 - Good in English communication and can write technical/business document.

Benefits

- International, dynamic, friendly working environment;
- Many opportunities for personal and professional growth;
- Medical and Accident Healthcare Insurance program;
- Competitive and attractive salary.
